

REMARKS

The specification has been amended herein to update the continuing information. Additionally, non-elected claims 1-44 have been canceled. Cancellation of these claims is without prejudice, without intent to abandon any originally claimed subject matter, and without intent to acquiesce in any rejection of record. Applicants reserve the right to bring the canceled claims again in a related application.

New claims 45-62 have been added and correspond to the claims of Group IX, claims 55 and 60-76, specified in the restriction requirement dated August 13, 2003 in parent application USSN 10/357,619. Support for the new claims can be found in the original claims, as well as throughout the specification at, e.g., pages 18-19, bridging paragraph. Entry of the foregoing amendments is respectfully requested.
